

!!!! INFORMATION ALERT !!!!

Dr Mikhail Mastakov MD, FRACS

General Surgeon practicing at St Stephen's Private Hospital (Hervey Bay, QLD),
Mater Redland & Sunnybank Private Hospitals (Brisbane)

»»» **WHAT IS NEW:** Streamline LSG (Laparoscopic Sleeve Gastrectomy) Program

Dr Mastakov is pleased to offer this life-changing opportunity to his Patients with Private Health Insurance whose cover includes Bariatric Surgery.

By participating in the **Streamline LSG Program** we remove the financial barriers, thus allowing more people in need easier access to this life-transformative surgery.

For Patients that qualify for this program, an estimated out of pocket expense of approximately **\$1000** would be expected. This cost would include the Surgeon, Surgical Assistant and Anaesthetist fees.

Since Private Health Insurance companies differ, this fee will depend on your individual Private Health Insurance coverage. Each patient will also have their own Hospital excess fee that they will need to pay. Consultation fees, Dietician fees and any Pathology/Radiology fees are **not** included and are charged as extra costs.

Dr Mastakov will discuss your eligibility for this program during your initial consultation with him. One of the fundamental requirements is that the Patient has not had abdominal surgery in the past.

To help you achieve long term success after your Bariatric Surgery, we offer bulk billed appointments for the first 12 months following your surgery, which enables Dr Mastakov to guide you and support you through this transformation.

Appointments are available at three locations:

Cleveland House Visiting Specialist Centre Suite 22 Cleveland House, 120 Bloomfield Street CLEVELAND Q 4163	Sunnybank Clinic Specialist Centre Level 1, Suite 22, 245 McCullough Street SUNNYBANK Q 4109	Hervey Bay Clinic NEW ADDRESS ST STEPHEN'S Hospital Ground Floor Specialist Suites, 1 Medical Place URRAWEEEN Q 4655
